---

### CAREER OBJECTIVE

Computer Science Engineering student building a strong foundation in programming and software development. Familiar with data structures and core computer science concepts. Focused on applying technical knowledge to practical problem-solving. Continuously improving analytical and coding skills through learning and practice. Interested in developing efficient and reliable software solutions.

---

### EDUCATION

Bachelor of Engineering – Computer Science Engineering  
Chandigarh University, Punjab

2024 – Present. CGPA-7.13

Senior Secondary (Class XII) – PCM

Career Academy Senior Secondary School, Nahan, H.P.

2022 – 2024. PERCENTAGE-72.6%

Secondary School (Class X)

Shivalik Intl. Sr. Sec. Public School, Naraingarh, Haryana

2020 – 2022. PERCENTAGE-85.8%

---

### TECHNICAL SKILLS

Programming Languages

C, C++, Java

Core Concepts

Data Structures & Algorithms

Object-Oriented Programming

Database Management Systems

---

### ACADEMIC PROJECTS

- Tic-Tac-Toe Game (Python)
  - IOT based Blind Stick
  - IOT based servo motor using in door lock
  - Mobile Network Jammer
- 

### HOBBIES

- Playing Outdoor Games

- Playing Mobile Games

- Solving Coding Questions
- 

### CERTIFICATIONS

- Python Basics – Coursera (2025)
- Scientific Paper Writing – Coursera (2025)
